Thermos Stainless Steel Can Cooler

Your Imprint will appear where you see the Thermos logo.

Application/Description

Here is the **ultimate** beverage can cooler. We like to say, "it's the best can cooler money can buy." Thermos uses its ThermMax double wall vacuum insulation technology to gain maximum temperature retention. This can cooler is unbreakable having been constructed from 18/8 stainless steel. Your customers/employees drinks will stay icy cold 3 times longer than with the ordinary foam insulators.

The rubber grip makes holding the can cooler easy and comfortable, while the stainless steel construction Insulates hands from the icy cold can. The sweat-proof design won't leave water rings. There is a non-slip, scratch-resistant rubber base. It holds all standard beverage (Coke) style 12 oz cans. There is a five year limited warranty. Your imprint is screened in one or multiple colors depending on your needs and budget. Quality and uniqueness will ensure your imprint is seen for years to come!
